For Immediate Release

Road Closure and Traffic Diversion at Kuala Lumpur Sentral CBD

Kuala Lumpur Sentral CBD, 15 January, 2016 – We wish to inform all motorists that traffic will be diverted away from certain sections of Jalan Sentral here between 20 and 22 January, 2016 (Wednesday to Friday) from 11pm to 5.30am daily.

The closure of the road sections, as indicated in the attached traffic diversion route map, is carried out in order to facilitate removal of the pedestrian link bridge connecting Lot A (Menara CIMB) and Lot E (Platinum Sentral).

Although the work involved will be carried out late at night until early morning, tenants and office workers or other personnel who want to enter Menara CIMB and Q-Sentral office towers located along the closed-off road section, can do so through Jalan Damansara. The traffic route in the affected area of the CBD will be back to normal from early morning to the next night.

The road closure and traffic diversion is a part of the overall plan to facilitate various stages of work for a linkway project to connect the upcoming Muzium Negara MRT station to Kuala Lumpur Sentral CBD.

Motorists passing through this area are advised to observe all notices and signboards posted for their own safety. Safety workers will be manning the partial road closure.
