MEDIA RELEASE

**MRCB Foundation Refurbishes Special Education Programme and Pre-School Buildings
at SJK (T) Jalan Fletcher, Kuala Lumpur.**

KUALA LUMPUR, 18 May 2017 – MRCB Foundation is pleased to announce the completion of the refurbishment and restoration of the Special Education Programme and Pre-School buildings at Sekolah Jenis Kebangsaan (T) Jalan Fletcher in Kuala Lumpur.

Tan Sri Dr Ali Hamsa, Chief Secretary to the Government of Malaysia, toured the completed facilities at the school today with Tan Sri Mohamad Salim Fateh Din, Group Managing Director, Malaysian Resources Corporation Bhd (MRCB), where he was given a closer look at the renovated buildings and upgraded facilities.

The pre-school block received a new roof and ceiling board, repainted interiors and exteriors, entirely new electrical wiring and new fixtures and fittings, such as ceiling fans and lighting. The termite infested buildings, which were very run-down prior to the refurbishment, also received termite treatment to ensure their longevity. The toilets of both buildings were renovated to make them disabled friendly.

MRCB Foundation was set up by MRCB with the objective of focusing aid on underprivileged students, patients, and the needy for the benefit of communities.

Tan Sri Mohamad Salim said "The refurbishment of the school is just one of the activities that MRCB Foundation has committed to. Its other activities include the adoption of schools, construction of homeless shelters and other initiatives that will greatly benefit the communities where MRCB's projects are located".

The project, which was carried out at a cost of RM75,000, took a month to complete and will greatly benefit the 39 Pre-School and Special Education Programme students at the school.

ENDS.
